

Care Managers of the Month

These recipients exemplify the attitude and mission of the Care Management department.

November 2024

Miriam Krimstock

Lauren Krchmar

We granted Miriam an honorary Doctor of Care Management Degree (hence the cap) due to her dealing with some of the toughest folks in the county.

Lauren, who is always one to go out of her way for consumers, had 2 times in a row when she was on call had to go with Meals on Wheels to help deliver.

She also recently stayed well after we had closed when she took a call with a consumer who wasn't even one of our consumers!
