

Care Managers of the Month January 2025

Meghan Minich is our very own Les Nessman! A fictitious character from the old TV show "WKRP in Cincinnati," where he gained infamy for the Thanksgiving Turkey Drop of 1978 (Google it.). Maybe you're headed to Crafton, but don't know that there is an overturned semi on Steuben Street... Or you have a visit scheduled in Hazelwood but there's a large police presence on Second Ave. How would you know these things without **MEGHAN MINICH**!!!!!! She will send emails out to the entire team with these updates—and also if she sees a great deal on gasoline prices. She is a thoughtful and considerate teammate and care manager.

Jaison Viglietta deals with some of the most difficult as well as somewhat bizarre cases we have. Recently this he dealt with a consumer who was at risk of her home going into foreclosure and they were working with the Save Your Home program but needed some help with another hearing to stay the foreclosure. Jaison helped the consumer with the hearing. And as for the difficult and bizarre cases, well, you will have to take our word for it.

Thank you Meghan and Jaison for the impact you make on the people we serve!

Meghan Minich
